YJI Students: Please fill in this membership form. We are asking this information so we can get to know you better, so we can introduce the group and so we can get in touch with you and help you as you grow as a journalist. If you don't feel comfortable answering any of these questions, you can leave them blank, but the more we can learn about you, the better we can work with you. We encourage you to share this form, and all you do with YJI, with your parents or guardians. We know they will be proud of your work and want to see it, and we do not want our students to keep secrets from their parents. We will also use this information to compile statistics about our organization which may be useful for future grant applications, but we will never share mailing addresses or phone numbers without your explicit permission.
