

# Switch Repair Service

---

**Do you have a box of broken or faulty switches?  
Are you faced with high replacement costs?  
We can help.**

Send us your switches if they:

- no longer work reliably
- stick when pressed
- have damaged leads
- have poor sound quality

Send them to Excitim for repair.

Excitim offers a switch repair service. All that's required is for you to send us your broken or faulty switches. Within three days we will email you a detailed quotation listing the work and parts needed to restore them to an "as-new" condition.

Give Mike a call on 08707 117153 to learn more or text 07786 364115 to arrange a call back.
