

**Diketso Mosimane: BEST PERFORMING AWARD FOR THE FREQUENT LIERS PROGRAMME****BEST PERFORMING AWARD FOR THE FREQUENT LIERS PROGRAMME**[Share](#)

Today at 05:39

I am happy to announce the winner of the Frequent lying Programme, for best performance and sterling coordination of lies for the "Take Terror to Parliament Campaign"

It is so sad to note that for the past few weeks during which Terror has successfully exposed himself to be nothing more than a power-monger. He has called several meetings to try and stamp his authority of his failed Presidency which coming from Bloemfontein where he was supposed to be interim but gradually installed himself and proclaimed that COPE would be dead without him.

He has and is trying too hard to convince all and sundry that he is the Chief and wont allow anybody to Lead COPE besides his honourable self. Trying to push Dr D out as quickly as possible before the finalisation of the two Court cases. The man is shit scared and as the writing on the wall gets clearer and clearer everyday he strudles the lentgh and breath of South Africa to convince even chreche kids that he must be King against all odds.

No day passes by without him sending accusations of corruption which now seems wont be proven but what scares him the most is that what he thinks or thought was a scoop proved to be a figmentation of the Frquent Liers Programme which is sinking him deeper and deeper into shit. The Frequent Liers Programme having designed a total onslaught on Mbazima Shilowa finds it very difficult to sleep these days. His Generals so silent that evven the deaf can hear it.

The Generals have taken a strategic retreat on realising that the man is now on a self-distruction mode and they are very clever not to want to take the fall with him, instead they are waiting in the side-lines to swiftly take over when he has cleared the path and it's smoothened enough. They have better skills todeal with damage control but have left Lyndall and Phillip to remain in the public eye an d wisely plan his demise. Phillip has now perfected what he failed to achieve in his fight with Blade Nzimande in the SACP, he was very flat then and couldnt win so he ran.

It is glaring reading the daily postings that now there are a few left faiting for the Frequent Liers Programme but also that Marius is a common factor in coordinating the programme maybe the back room boy they were called during Mandela's and Sisulu's times but they were brilliant and planned to every detail. Marius is a small fry and makes too many mistakes and has been exposed. On the other hand there is Liansky who is very tactful and knows when to look and not tell. These are traits that can only be sharpened by the kingpin of the Frequent Liers Programme. I nearly forgot the sly and conniving Roscoe who knows how to play his cards and is the power behind Phillip and will brutally deal with anybody who comes near Pillips proximity.

The ladies of the house never say anything and are well protected viz Julliana and Deidre but anyway yhey have no substance but Juli with her skills from the Broederbond inner circle can be very cunning nad witty. All of us must remeber that the Apartheid project was meticulously planned and implented but derailed by the Students march of June 16 1976. Ask yourself why all these characters have found comfort in COPE? Nature allows no vacuum therefore they occupied the space.

There are also the small fries who dont know whether they are coming or going who from time to time will say this and pull back as they are not confident enough that when the timecomes they will be sufficiently rewarded. They fell into a trap they cant wriggle out of as they were too active but have now realised that their master has seriously blundered. They are also asking themselves whether will they go down with him and that is why from time to time they will ask for screte meetings to try and suss out how their standing is within the bigger scheme of things.

They day will never dawn when Terror finally proves all these things he has been saying about Mbazima and that is making him more and more nervous that is why he is running helter skelter. He is not building any Branches instead he is tearing COPE apart day in day out but what he doesnt realise is that he is doing it to his own demise. What happens if the outcome of the Court cases dont favour him COPE must be ffnshed by the and then all have lost. So selfish is the man that he doesnt even think about the future of these young people he is misleading.

I have digressed, actually I should announce who the winner of the best performing Actor of the Frequent Liers Programme is. The award goes to none other than the man of the moment, the best collector of lies, the best presented of the lies, the most hard working liar of them all, the most eloquent of the the Frequent Liers Programme in none other than Marius Manqoba Redelinghuis. Kwa Kwa kwa clapping hands.....standing ovation.

Marius: (Reply) In recieving this award I want to thank the man that inspired me to do this sterling job, my friends onFB who didnt call me to order, my inspirational writer and mentor Phillip Shekeshe Dexter OOo Im sorry Roscoe Palm, the man who ran way from S.M.A.R.T. when he was discovered to be a racist and couldnt take the heat and ran to spew his bile of racism on COPE members none other than Liansky Bestenbier, my silent Generals who are grinning when our beloved leader is killing his own Political career, Honourable MPs' Smuts.
