Dear Home School Parents,

This year is the first year that we have had several home school students who we are helping, and as the year has progressed, we are learning and adjusting to be able to accommodate those that home school. It is our desire to help as much as possible and add strength where we can as a school.

As a home school family CCA can offer the following benefits to you and your student:

- The opportunity to keep your student's records. There is a monthly fee of \$25 per student (charged in the months of August-May) that covers record keeping.
- The opportunity to participate in music, art, PE, and chapel.
- The opportunity to participate in regional and international student competitions. (Subject to your student qualifying.)
- The opportunity to order curriculum at a discounted rate because of CCA's model status with ACE.
- The opportunity to score at the school during school hours. Learning Center will be locked after school hours.

In order to continue to offer these advantages to home school families, students and parents must be able to agree to the following:

- Adhere to the guidelines that CCA has and will establish concerning homeschoolers.
- Submit orders in writing one day prior to our ordering date. We only order curriculum every two weeks, and we need to eliminate any extra orders due to their time consuming nature.
- Write out every item taken from CCA's stock and get a staff member, preferably Sharon Burnett, to double check it. Both parties need to initial that sheet to confirm which items were received. This is necessary to keep our records out of the "disaster zone."
- Adhere to our home school testing policy for all subjects in which we are keeping your student's records:
 1. Tests are administered at 9:20 am. We are not able to offer alternative testing times at this time.
 2. Parents are asked to please wait outside the Learning Center during testing. Enjoy a cup of coffee in the reception while you wait.
 3. School staff will pull tests, administer them, answer any questions, collect them, grade them, and record their score in the same manner that we handle all CCA students' test scores. This protects the reputation of our school and the validity of your child's academic records. To the best of our ability, home school tests will be scored immediately following testing, so that the subsequent PACE may be issued. Students and parents must wait outside the Learning Center during test scoring.
- Adhere to all CCA's student rules outlined in the handbook and dress code while in the building:
 1. Dress code- While in the school building, students must be dressed in dress code or equivalent (boys- pants, shirt with collar; girls-knee length skirt or pants, shirt with collar).
- Defer to the judgment of the staff of CCA as it relates to CCA and its policies.

I am praying God's wisdom for you as you embark on the wonderful journey of homeschooling.

Blessings,

Briana Curran,
CCA Principal
