

Juan de la Cruz  
Diamond – Adelfa – Beryllium – Charm

Juan is one of the most exuberant people you'll ever meet, brimming over with enthusiasm every time you see him. His witty jokes and easy smile brighten your day whenever you're feeling down. He has many friends, but he makes it a point to always spend time with each of them.

-- John Reyes, classmate in I-Diamond

Juan de la Cruz is fearless. Whenever a teacher call for a volunteer, his hand is always the first in the air, and every time that he is in front of an audience, he seems utterly composed and relaxed. No one will ever forget his captivating performance during our Ramayana in third year.

-- Maria Rodriguez, classmate in III-Beryllium

Fake bugs and whoopee cushions follow in Juan's wake. His mischievous ways have almost gotten him in trouble several times, every time a teacher discovered his pranks! He spends his free time playing basketball and being actively involved in the Astrosoc Club, which he has been a member of since his first year.

-- Joe Santos, clubmate in Astrosoc

Juan is a good-hearted and generous person. Whatever he has, he is willing to give to those in need. He happily accommodates those who need money, books, lab gowns, calculators, or even homework help! His giving nature endears him to all those who know him.

-- Mark de la Paz, classmate in Photography
