

THE SPiTEFUL

DECEMBER 2009

Back in town...

Hey there!

The SPiTEFUL are playing once again in their neighbourhood...

December 19th, @ C.R. Lis e Lena, Moinhos da Barosa, Leiria, we'll be sharing the stage with headliners A Last Day On Earth and Fried Chicken And Gasoline.

This is one of those venues that bring back a lot of memories from times long gone in Leiria's metal scene... So either if you're into deluding yourself that you're once again 16 or if you're really 16 and don't have the faintest idea of what I'm talking about, get your moshing shoes on and come by...

We promise the music will be loud and the beer will be fresh.

OTHER NEWS:

Metalpoint kicks ass!

Damn! November 28th gig did kick ass!

Five years after our last show in Oporto, this one definitely set things straight about that audience. They're no doubt nasty, insane motherfuckers! Great show with great people and great bands to share the stage with.

Thanks a lot to all those who came out to support us and also to our friends in Coldfear, Echidna and Revolution Within.

We did manage to capture some footage from that show, so, here's the proof that it was one rock hard night.. In our youtube page you'll find some more videos from that show and also the closing song on our good friends Coldfear performance.
