SALT-AWAY[®]

Corrosion Control

SALT REMOVING TREATMENT

KILLS SALT - PURE AND SIMPLE

Salt-Away is a water-based, non-hazardous, biodegradable solution and contains properties that dissolve, release and remove salt crystals from any surface. Water alone will not remove salt. Use of **Salt-Away** will not correct past damage but will work to protect against salt corrosion and reduces costly repairs caused by salt. **Salt-Away** breaks down & removes salt build-up with repeated use.

Salt-Away can safely be used on all metals, fibreglass, paint, rubber, plastic, chrome, glass, concrete, brick or any surface exposed to salt. **Salt-Away**, mixed with water, washes away the salt then leaves a protective film on surfaces until surfaces are again exposed to water or salt. Special high-performing corrosion inhibitors in the product help protect metals from corroding if not rinsed off. **Salt-Away** will not strip wax or cause streaks. It is easy to apply by using **Salt-Away's** special Mixing Unit. 40mls of **Salt-Away** will flush your engine, wash the salt off your boat, trailer, trailer brakes and fishing gear, up to 8 metres length, for as little as \$1.15 per wash.

100% NON-TOXIC

100% BIODEGRADABLE

100% NON-HAZARDOUS

PRESIDENTS REPORT

5

So someone has pushed the “winter button” this week and already we’re well into the third month of the year.

The One base is has now come and gone for another year. Despite all the talk about the doom and gloom of the global financial crisis, we had two more entrants than last year’s tournament and almost all of our sponsors stuck with us as well. Thanks to all the sponsors especially Buccaneer Boats and also to The work of Gray Pitcaithly, Sue Pavlovich and Shinneal Van Kampen and the committee for all the work they have put into the organisation of this great event..

Unfortunately only one day of fishing was available until, the first of what seems to have been a string of weather bombs, moved in for days two and three.

With the exception of the Thursday night, Friday and Saturday’s daily prize giving were drawn and somewhat subdued in nature. The main prize giving was a different story with plenty of fun to be had by all and some really nice prizes were awarded.

Congratulations to those that actually caught fish and to the star of the prize giving young Ethan Rendell who managed an 18 Kg mako on 4 kg line and to whom it seemed that the prizes just kept on coming.

The major prizes were all drawn and you've never seen a happier bunch of guys. The Buccaneer travel package went to Paul Verryt of the Mercury Bay Club and his mate Danny Swan who joined our club on the night of the registration! The TV and entertainment package also went to new Member Scott Pritchard, whose wife says he can now tournament fish anytime he wants to. (Lucky B^%\$%#\$d!). Finally the cheque for \$1500 from Rollos went to Ross McDonald also a Waikato Club member. Full prize giving details are on the attached pages.

Back to reality Stu Ross was advised in January that a kingfish he tagged at 76 cm in April 2007, was re-caught in January of this year and had grown 12 cm to 88 cm after being at liberty for 634 days. The fish was both tagged and caught again at the Alderman Islands. Further evidence that these are indeed robust fish.

Fishing wise things are starting to pick up for the bottom fishing fraternity all around. The Hauraki Gulf is fishing well just about everywhere, and there are even skippies just in behind Tiri. For Game fishing you'd be hard pressed to drive past Tutukaka lately. Multiple hook-ups from Marlin Pack attacks seem to be the order of the day.

On that note we're keen to publish your fishing reports in the newsletter, so if you've had a great trip or one that memorable for "other" reasons then write it up and get it to Sue before the end of the first week of the month. There should be a more indepth report from the one Base in this edition but unfortunately we didn't get copy before this edition went to press.

As previously mentioned we have our website up and running it's www.waikatosportfishing.co.nz and our new Logo was launched on the new stickers at the one base. If you didn't get one come along and get yours at next Tuesday's club night.

Speaking of which, this month we'll be doing a Fishing rod building and repair symposium on Tuesday night so come along and we'll show you some tricks for building a rod from the ground up and also how to repair broken guides and tips.

Also of note, the Raglan Volunteer Coastguard are running another one of their infamous Bar Crossing Education Day on Sunday April 19th at the Fire Station in Wainui Road , Raglan. Registration is 9.30 am with a start time of 10.00 am. Cost is – as usual - \$20 per person and ***please bring a lifejacket.***

Finally we're still getting great feedback for revitalising the club. If you still have ideas about what you'd like to see from the club and things that might help the club appeal to a wider audience, then contact myself, Sue or any of the committee members. Now's the time for us as a club to Crap or get off the Pot!

See Y'all there! And don't forget to bring ya mates!

ONE BASE PRIZE LIST

Marlin

1	Drawn	Weight Line
	Rollo's and ENL	\$1500
	MasterTrim	Lure Bag
	Monkey Bay Wine	Wine
	Club Marine	\$250 Voucher
