

Viral Web Traffic 2012

Welcome and congratulations for finding this Exclusive Traffic Generating Software from

<http://www.homeworking4u.com>

Let me just clear a few things up before we start...

If you wish to make a living from the internet then you need your product or website to be on the first page of search results when people type keywords related to your product into the search box, as an example if you are selling a product related to Training Your Dog to Sit, when people type this into the search engines you need your product or website to appear on the first page, this will get you more web traffic and ultimately more sales.

So... how do we get to the first page of Bing, Google & MSN?

TRAFFIC!!!

This will seem silly but to get to the top of search engines so you can generate more traffic you need to have traffic to your website in the first place, catch 22 comes to mind but there is a way around this and it's by using the Viral Web Traffic 2012 program.

This is not a fancy push button type software that is going to cost you £££'s in fact the only cost to your pocket is going to be £1.75 for ever. This software is being used right now by our subscribers and is generating real traffic to their web pages and websites as you are reading this and when you are asleep and the best thing is it is costing them nothing to do it.

STILL INTERESTED?

How This System Works.

Let's say you have the best website in the world, ridiculous claim but bear with me, if nobody visits your website then Google etc. will not rank it so you will never appear in the search results on the first page EVER!

Now, if you have people visiting your website on a daily basis then the search engine spiders will take notice and start to rank your website, this is how you get to the top of search results and stay there.

DO NOT PAY FOR TRAFFIC.....if you do you will find that most are computer generated hits and these don't count, you need real people with email addresses and online accounts visiting your web page to make it count.

This is where Viral Web Traffic 2012 comes into play; I would also advise you to join our mailing list below:

<http://www.homeworking4u.com>

As this is our unique program.

To use this program that you now have for FREE you need to abide by a few rules and stay committed to the programme until the end as it is totally dependent on honesty which is why it has been exclusive only to subscribers at <http://www.homeworking4u.com> and has worked for anybody 100% every time.

I FORGOT TO MENTION THAT YOU WILL ALSO MAKE MONEY USING THIS SYSTEM...This is only an advantage to using our system not the main reason, remember...you are using this system to generate more visitors to your web pages so you can increase your page ranking in the search engines so you can sell more of your products to make a living online.

I'll explain the procedure.

Below you will see 4 Email addresses and 4 websites.

- | | | |
|---|-------|---|
| 1. homeworking4u.com@googlemail.com | £1.00 | http://www.homeworking4u.com |
| 2. paulwin73@msn.com | £0.50 | http://www.woodworker-plans.co.uk |
| 3. winstanleyp@rocketmail.com | £0.25 | http://www.homebusiness4u.org.uk |
| 4. kaywin73@msn.com | £0.00 | http://www.liverpool-restaurants.com |

Send the appropriate monetary value to the Email addresses on the left hand side via PayPal and visit the websites on the right hand side by clicking on the links.

All those websites will now have a unique web visit from you which will count towards their search engine ranking.

You will now need to add your name to the No1 position and move the others down one space and also add your website or webpage on the top of the right hand column.

i.e.: 1-2, 2-3, 3-4 and 4 has finished the system.

As this file is a PDF and cannot be changed when you send your funds to the email address in position 1 you must add a note within PayPal for them to send you the word document that you will be able to change.

“Please send word document” in message box to recipient is fine.

This is why you are paying them £1 as the people you send YOUR programme to will expect from you.

The other two PayPal payments “please add me to your list” will be fine.

COMMITMENT & HONESTY IS THE KEY!

As your name eventually moves down the list you will have an idea of where you are in the system, if you are only getting £0.25 into your PayPal account you know you are approaching the end of your place in the system but you should also have a high ranking in the search engines so in theory you should be making more sales.

YOU DO NOT HAVE TO MAKE ANY MORE PAYMENTS!!!

If you wish to start the system again your name will be at the top so the only work (Sending out the word document) is done by you so there is no need to visit any websites or pay any more money, but you should still send a short email to the other participants on your program “update your list please” will be fine. All you have to do then is send out or give away as many copies as you can and watch your website float to the top of the search engines.

HOW DO I DISTRIBUTE THE VIRAL WEB TRAFFIC **2012 SYSTEM?**

Well it`s easier than you think...

Give it away to your friends

If you burn CD`s just add it as a bonus on your CD

Sell on eBay for 99p just to get people to join

Advertise for free on free ads sites

Tweet on Twitter

Offer on other social network sites

Advertise on forums

You will be surprised how easy it is to get this software out – there and as long as your website is on there you will start to get visitors and your ranking will increase, you may even make sales from your visitors because after all they are real people with credit cards and PayPal accounts.

GOOD LUCK!

PS: This is a very unique system that I have personally been using for over 3 years to increase my page rankings and as a result, every website I own ranks on the top of page 1 of all search engines.

Please don`t alter it in any way or it will not work and when you find this out it will be too late to change back. This is a proven system that works over and over again as it is the only downfall is that if you are not committed to following the system properly until the end you let yourself down and the other participants in your cell.

If you are not prepared to follow the program until the end then please don't start.

Any questions please send to your no1 name on the list as with all participants they will be only happy to help.
